

Mesa Redonda

Nome: Sofia de Oliveira Silva Moura

Turma: 2º DS/AMS

Data: 17/06/2025

A screenshot of a document titled "Executive Summary" from the "Open RAN Brazil Solutions Center - Public page". The document discusses IBM's role in developing technologies for various sectors like agribusiness, transportation, healthcare, utilities, retail, and banking, focusing on 5G, Edge computing, and the cloud. It highlights the Open RAN architecture for 5G. The document is presented in a Box AI interface, showing a sidebar with questions like "What are the key takeaways?", "How can this document be improved?", and "Are there any best steps defined?". The footer of the document states "© 2023, IBM Confidential".
